A century of innovation: one year additional guarantee on many devices

Renfert celebrates its 100th anniversary with an extended guarantee

Renfert, a leading manufacturer of high-quality equipment and materials for dental technology and dentistry, celebrates its 100th anniversary in 2025. To mark the start of the anniversary year, the company is offering an exclusive promotional deal: if you buy a Renfert device in the anniversary year and register on the customer portal, you will receive an additional year of manufacturer's warranty - meaning four years of warranty protection!

Renfert has been a reliable partner for dental laboratories and dental offices for a century. The company is taking this 100th anniversary as an opportunity to surprise the customers with a special promotion: An extended warranty for many devices within the Renfert range. For detailed information on the relevant products and applicable warranty conditions, please visit www.renfert.com/three-plus-one.

It's so easy:

1. Buy in 2025: Buy a Renfert device which is covered by the extended warranty.
2. Sign up for myRenfert: Register in the myRenfert customer portal.
3. Register your unit: Register your new device and upload your proof of purchase.

“Our motivation has always been to make work easier for our customers with intelligent solutions - making work easy. Our focus is always on the specific requirements of our customers,” explains Renfert CEO, Sören Hug. 2025 is a special year for Renfert: In its anniversary year, the company is presenting exciting new products in the areas of 3D filament printing and suction technology. These are just a few examples from the extensive portfolio for laboratories and dental offices. The celebrated LIGHT 1 work light also stands for the Renfert motto “making work easy” and will continue to capture the public's attention.
